RE: Letter of Recommendation

Dear Doug,

T&W Corporation has provided exceptional service to Deer Creek Golf Club that was second to none. T&W's work product has always been superior in quality without compromise in timely delivery. They understood our requests and concerns and always put our best interest first. I personally regard T&W as a team member as opposed to a service provider. Each of the T&W members I have worked with display the highest professional and personal integrity. The work ethic of Mike Updike, Superintendent, Dale Riley, Project Manager and yourself as project developer were above and beyond our expectations. The club house and dining facility at Deer Creek Golf Club turned out spectacularly and a month before the scheduled finish. I couldn't ask for a more professional and caring company than T&W Corporation.

Sincerely,

John E. Hall, Owner
